Welcome in Jesus' Name

Lutherans believe that Jesus Christ is present in the Sacrament so that we receive His true body and blood along with the bread and wine (Mark 14:22, 24; 1 Corinthians 10:16). We further believe that in this Sacrament, we receive the forgiveness of sins (Matthew 26:28) and strength to live an improved Christian life (Galatians 2:20). A worthy communicant is one who is truly repentant of his/her sins and who resolves to amend his/her life (1 Corinthians 11:28). Furthermore, this Sacrament is not only a communion with Christ (Matthew 18:20; 1 Corinthians 10:16), but also with one another (1 Corinthians 10:17; Acts 2:42). Those desiring to commune with us for the first time should register with the pastor in his office BEFORE the service begins.

October Brings More Than Trick Or Treat

There's something scarier than Halloween ghosts and that's influenza. How can you protect yourself and loved ones? You might say "I never get the flu, why do I need a shot?" or "The shot gives me the flu so I don't get one." Let's look at the facts and answer these good questions.

Flu season is usually late fall to early spring. The Center for Disease Control recommends all persons aged 6months and greater who do not have contraindications get the flu vaccine. Pregnant women may receive the licensed vaccines. Getting the vaccine by the end of October is best but it's never too late. You are not only protecting yourself but the people around you from getting the flu. Some unvaccinated people have no symptoms or very mild flu symptoms that last a few days but may pass it to persons who develop life- threatening symptoms. Older people, young children, and people with certain health conditions are at high risk of serious flu complications. The vaccine will not give you the flu. It takes at least 2 weeks to develop enough antibodies to protect against the flu. If you do get the flu the symptoms will be less severe.

- Get the flu shot.
- Cover your coughs and sneezes.
- Wash your hands frequently.
- Stay home if you are ill. You may be able to pass the flu virus 1- 4 day before symptoms start and 5-7 days longer after the symptoms start. Children may remain infectious longer.
- Avoid shaking hands during flu season. Greet with a smile and nod or use a fist bump. Be creative in what to do with your hands.
- Clean and disinfect surfaces and objects that may be contaminated with germs like the flu.
- Take the flu antiviral drug if your provider prescribes them.

Help our community make the flu season safer for all.

Thank you to members of Immanuel Osman for their support of the LWML adopted family. This single mother of 5 continues to need our assistance. The LWML members are giving birthday gifts to the family, but we continue to collect monetary gifts for holiday gift cards later in the year. If you wish to contribute to this project place your gift in the donation box on the elder's pew, or give to Debbie Lammler. Remember-"Whatsoever you do to the least of my brothers, you do unto Me." Matthew 25:40

"Worship Anew" - Know someone who can't get to church? Lutheran Ministries from Concordia Theological Seminary produces "Worship Anew". It airs locally on WCIX-49 Sunday mornings at 7:30am.
