Welcome in Jesus' Name

Lutherans believe that Jesus Christ is present in the Sacrament so that we receive His true body and blood along with the bread and wine (Mark 14:22, 24; 1 Corinthians 10:16). We further believe that in this Sacrament, we receive the forgiveness of sins (Matthew 26:28) and strength to live an improved Christian life (Galatians 2:20). A worthy communicant is one who is truly repentant of his/her sins and who resolves to amend his/her life (1 Corinthians 11:28). Furthermore, this Sacrament is not only a communion with Christ (Matthew 18:20; 1 Corinthians 10:16), but also with one another (1 Corinthians 10:17; Acts 2:42). Those desiring to commune with us for the first time should register with the pastor in his office BEFORE the service begins.

Announcements

The Eternal Flame is being sponsored during the month of October by Linda Warsaw in memory of G. Alan Guinn.

Our sincere thanks to our guest organist Bill Ogg, who is substituting for Alicia today!

Thanks to all the talented ladies of the church who pieced, tied, and stitched the beautiful quilts and sewed the pillowcase dresses on display today!

Thank you to the 6 confirmation students and their friends who attended the sleep over last Sunday night in the fellowship hall. The theme for the night was "Good Moods/Bad Moods". After the evening meal and a devotion, the group watched the Samaritan's Purse DVD explaining the Operation Christmas Child Program. The group then packed 24 boxes for this program. Thanks to Terri Hooker and Connie Warsaw for buying the gifts for the boxes and organizing the packing of the boxes. As the evening progressed, the group tied 3 fleece blankets which will be given to Canteen Run which serves the homeless in Champaign. The group then successfully used their culinary skills in baking cookies for the benefit in November for Kade Nichols. After much eating, many games, and some movies the sun began to rise. A delicious breakfast was served, and the tired students returned home. A special thank you to Kim Clemmons and Annette who helped chaperone. Also, thank you to Don Warsaw who grilled the hotdogs for the evening meal after the fire got destroyed by the downpour and storm.

Confirmation Class: For next Sunday the memory work includes the 5th commandment and explanation and the books of the bible from Genesis through Malachi. Sermon notes will be taken during church on the 21st, and the class will meet with Pastor McPike after church as well.

Confirmation Teacher's meeting on October 17th at 6pm; **Church Council** following at 7pm.

TODAY is LWML Sunday. The theme is "Our Rest in a Changing World." The 2017-19 LWML Mission Grant bookmarks will be handed out to each member. The Osman LWML will be participating in the service, and we ask the congregation to join in the LWML pledge. Our beautiful quilts will be displayed. Please continue to pray for our mission grant recipients as they spread the gospel message and care for people throughout the world.

Today is the last day to sign up for the Pastor's Celebration on October 28th at 5pm. The caterer needs a count of the number of people attending. A freewill offering will be taken to help cover the cost of food. A short program will be held before the meal in the church. Let's help make this a celebration to remember for Pastor McPike!

Additional Announcements

Communion Sundays in October: 14th, 21st, and 28th.

Voter's Meeting will be after church next Sunday, October 21st.

The Choir will practice on Wednesday, October 24 at 7:00PM.

Soup Supper Benefit! The Stewardship Committee is organizing a benefit soup supper for Kade Nichols on November 10th, from 4:30 to 7. Kade is a sixth grader at Blue Ridge Intermediate School. He had surgery in April for a brain tumor. After an extensive and successful surgery, it was discovered that Kade's motor skills had been affected. He traveled to the St. Louis area for therapy but was able to return home in July. Another surgery was required after his follow-up MRI in August. The freewill offering will be given to his family for expenses for continual therapy. The menu will be chili, oyster soup, potato soup, sandwiches, pie/desserts, and drinks. A free will offering will be taken. There is a sign-up sheet for food donations on the bulletin board in the back of the church. A Thrivent Action Team card has been applied for to help cover some of the expenses. Please invite your family and friends to come help support Kade and his family!

"Worship Anew" - Know someone who can't get to church? Lutheran Ministries from Concordia Theological Seminary produces "Worship Anew". It airs locally on WCIX-49 Sunday mornings at 7:30am.

Osman Wi-Fi: The Osman Wi-Fi code for "OsmanChurch(public)" is "romans1017".

Breast Health Month

October is breast cancer awareness month. Is hereditary the biggest risk factor for developing breast cancer? What about wearing certain bras or deodorants? When it comes to identifying risk factors for breast cancer, can you identify fact from fiction? In 2017, the American College of Obstetricians and Gynecologists (ACOG) released guidelines for breast cancer risk assessment and screening in average-risk women. These guidelines help us determine what the scientific literature says about how our heredity and lifestyle choices impact our risk.

Breast cancer risks include:

- Family history of breast cancer, ovarian cancer, or other hereditary breast and ovarian syndrome-associated cancer (prostate, pancreatic cancer)
- Known breast cancer gene mutation
- Prior breast biopsy with atypical or abnormal changes
- Early menarche (menses)
- Late menopause
- Never been pregnant
- Prolonged interval between menarche and first pregnancy
- Menopausal hormone therapy with estrogen and progesterone
- Not breastfeeding
- Increasing age
- Certain ethnicities (breast cancer gene mutation in Ashkenazi Jewish women)
- Higher body mass index
- Smoking
- Alcohol consumption
- Dense breasts on mammography
- Prior exposure to high-dose therapeutic chest irradiation at age 10-30 years old

The goal of screening for cancer is to detect disease early in healthy, asymptomatic people, to prevent adverse outcomes, improve survival, and avoid the need for more intensive treatments. Screening tests have both benefits (eg. improved health outcomes) and adverse consequences (eg. cost, anxiety, false-positive results, overdiagnosis, overtreatment). Overdiagnosis occurs when screening detects cancer that would not have progressed to symptoms if left undetected. Overtreatment is initiating treatment for this cancer. It's not ethically permissible to do natural history studies of untreated disease so frequency of overdiagnosing is hard to evaluate. Research to develop better prognostic indicators of progression versus nonprogression cancers may allow more customized treatment in the future, thereby reducing overtreatment.

Summary of recommendations:

Recommendations based on good and consistent scientific evidence.

- Women at **average risk** of breast cancer should be offered screening mammography starting at age 40 years, no earlier and no later than age 50 years. The decision about what age to start screening should be made through a shared decision making process.
- Women of average risk should have screening mammography every 1-2 years. Biennial screening after age 55 is a reasonable option to reduce frequency of harms but with some reduction in benefit.
- Women of average risk should continue screening to at least age 75 years.

Recommendations based on limited or inconsistent scientific evidence.

- Health care providers periodically should assess your risk by reviewing your history.
- Women with a potentially increased risk of breast cancer based on the initial history should have further assessment.
- Breast self-exam is not recommended in average-risk women because there is a risk of harm from false positive results and a lack of evidence of benefit.

Recommendations based primarily on consensus and expert opinion.

- Screening clinical exam may be offered to asymptomatic, average-risk women. If performed for screening, intervals of every 1-3 years for women aged 25-39 and annually for women aged 40 years and older are reasonable. The clinical breast exam continues to be a recommended part of the exam in high-risk women and women with symptoms.
- Average-risk women should be counseled about breast self-awareness and encouraged to notify their health care provider if changes noted. Breast self-awareness is defined as a woman's awareness of the normal appearance and feel of her breasts.
- Age alone should not be the basis to continue or discontinue screening mammography. Beyond age 75 years, the decision to screen should be based on a shared decision making process informed by the woman's health status and longevity.

The American College of Obstetricians and Gynecologists 2017 practice guidelines. There are several national guidelines. Ask your provider which one they use. Turn awareness into action this month by visiting ACOG.org or Center for Disease Control and Prevention, CDC.org for more information and by scheduling an appointment with your provider to check about your personal risk factors. And don't forget to tell a friend! Susan Miller parishnurse@osmanlutheran.org

Today is LWML Sunday. Based upon Psalm 62:1-8, the theme chosen for today is Our Rest in a Changing World. God is our rock and salvation. That firm foundation enables us to reach out into a changing world in need of the Gospel. Since 1942, the LWML has affirmed each woman's identity as a child of God and her relationship with Jesus Christ, encouraging and equipping Christian women to support missions around the world through their sacrificial gifts of mites, tithes, offerings, and tireless service.

Please join the LWML ladies on the third verse of the song "Serve the Lord with Gladness"-

Serve the Lord with gladness!
There's no greater joy
Than to serve the Master,
Work in His employ.
As we build His kingdom
Angels, too, rejoice
Over every sinner
Brought to hear His voice.
Onward, then, for Jesus!
Let this be our aim:
"Serve the Lord with gladness!
Glorify His name!

LWML Pledge

In fervent gratitude for the Savior's dying love and His blood-bought gift of redemption we dedicate ourselves to Him with all that we are and have; and in obedience to His call for workers in the harvest fields, we pledge Him our willing service wherever and whenever He has need of us. We consecrate to our Savior our hands to work for Him, our feet to go on His errands, our voice to sing His praises, our lips to proclaim His redeeming love, our silver and our gold to extend His Kingdom, our will to do His will, and every power of our life to the great task of bringing the lost and the erring into eternal fellowship with Him. Amen.

MITES FOR MISSIONS – On Your Mark, Get Ready, Save! We will be collecting mites today through November 11th. Please join us in making a joyful noise to the Lord. Based on the Biblical account of the widow's mite, the Mite Box is intended for regular contributions of "mites" — offerings above and beyond the support given to the congregation and the Synod. Mite contributions amount to millions of dollars that fund district and national mission grants. In fact, the LWML has collected over \$100 million dollars since 1942. Yes ... these coins have and will continue to make a difference. Please pick up a small can at the back of the church and save your pennies, nickels, dimes, or bills to help us meet the mission goal of \$2,075,000. Thank you for contributing and providing the opportunity for us to spread the Gospel to the world.

Thank you to members of Immanuel Osman for their support of the LWML adopted family. This single mother of 5 continues to need our assistance. The LWML members are giving birthday gifts to the family, but we continue to collect monetary gifts for holiday gift cards later in the year. If you wish to contribute to this project place your gift in the donation box on the elder's pew, or give to Debbie Lammle. Remember-"Whatsoever you do to the least of my brothers, you do unto Me." Matthew 25:40
